

SUNDAY SCHOOL LESSON

BY MISS BROWNLEE

Lesson for June 14, 1914

There is a story in the Bible which tells of a man who was blind from birth. His name was Bartimaeus. He was a poor man and he begged for his living. One day he was sitting on the side of the road when he heard a voice which said to him, "Follow me, and thou shalt have life." He followed Jesus and he was healed of his blindness. This is a story which tells us that if we follow Jesus we shall have life.

Now we will read the story of Bartimaeus. It is found in the Gospel of Mark, chapter 10, verses 46 to 52. Bartimaeus was a blind man who sat by the side of the road and begged. He heard that Jesus was passing by and he cried out, "Son of David, have mercy on me." Jesus stopped and said to him, "What dost thou want?" He answered, "Lord, I want to see." Jesus said to him, "Thy faith hath made thee whole. Arise, follow me, and thou shalt see." He followed Jesus and he was healed of his blindness.

The story of Bartimaeus is a story of faith. It tells us that if we have faith in Jesus we shall be healed of our sins. It tells us that if we follow Jesus we shall have life. This is a story which tells us that if we have faith in Jesus we shall be healed of our sins. It tells us that if we follow Jesus we shall have life.

The Case of Zacharias.

Here again we find exemplified that the message of salvation was for those who felt the need of a Savior. Zacharias, a captain of the guard, was a man of the law, a man of the letter, a man who was not thoroughly acquainted with the heart of the law. He was a man who was not thoroughly acquainted with the heart of the law. He was a man who was not thoroughly acquainted with the heart of the law.

What it Means to Buy Your Car of an Established Agency

It means that you will have more than the mere pleasure that comes with your first car. It means assured satisfaction in up-keep that you cannot receive except from an established agency, right at hand.

It means that every promise made you before you bought must be kept—for an established agent can't go out of business by stopping solicitation for more buyers. He has hundreds and sometimes thousands of dollars invested in equipment that cannot be disposed of on short notice. He has to make his word more than good, thereby increase his possible earnings instead of decreasing them.

WHAT IT MEANS TO BUY A PROVEN CAR

By a proven car we mean a car that has merited support from the people who have bought it—not simply from year to year—but for several seasons past.

It means that you have past performances to prove the service the car you buy should render. It means that you have a record to go by and can demand service in keeping with the reputation of the car you buy.

WHAT IT MEANS TO HAVE THE BACKING OF A FACTORY

It means that you are assured replacement parts in years to come—something that cannot be assured when you buy an assembled car of doubtful merit.

It means that someone besides the local dealer—some people who have far more at stake than even he stand ready to prove their products by service rendered.

WHAT IT ALL MEANS TO YOU

It means that you cannot be deceived in the purchase of a Chalmers car from the Tulsa Motor Car company.

Because you will thereby receive service in the seasons to come by TWO corporations that MUST make good in this or any other field they enter—and from TWO establishments that deserve confidence by PAST service.

It's all worth consideration from you Mr. Car Buyer.
